

**UN WA-2008 Conference Stream**  
**Achieving Zero Harm through Innovation – National Utility Industry Conference**

**Conducted as an integral part of the UN WA-2008 Field Days**  
**Ascot Racecourse Perth WA, 13<sup>th</sup> & 14<sup>th</sup> May 2008.**

This conference will focus on how the national utility industry as a whole can achieve Zero Harm through new and innovative ideas, products, systems etc., and is open to all levels of the industry. If you are attending the conference please ensure you are seated well before the scheduled commencing time **as the conference program must run to time.**

**Program**

The program for both days will be identical in session layout & is designed for a different audience each day
